PEOPLE - Bicoll makes appointments

Source: Scrip Date: April 28, 2003

Scrip, April 28, 2003

Bicoll has made the following appointments to its advisory board: Dr Thorsten Bach, professor of organic chemistry at the Technical University, Munich; Dr Hardy Debuch, head of consultancy, DHD Unternehmensberatung; Dr Peter Vollhardt, professor in the department of chemistry at the University of California, Berkeley; and Sina Afra of the consultancy, Bearing Point. Bicoll, based in Munich and Shanghai, is developing a proprietary technology platform involving natural product chemistry, combinatorial chemistry and screening techniques. **SCRIP** - World Pharmaceutical News FILED 28 April 2003 COPYRIGHT 2003 PJB Publications Ltd
